Dear Parents / Guardians of Learners at Ellesmere Port Catholic High School,

Introducing SAM Learning

At school we are always looking for ways to extend our pupils' learning. Part of our improvement programme involves the use of SAM Learning, multiple award winning online learning covering almost all our subjects. Studies show that pupils achieve 2 GCSE grades on average better than expected with as little as 30 minutes a week use of SAM Learning.

Access Details

Your child can access SAM Learning anytime or anywhere. Whether you are at school, at home, on the bus, waiting for friends and it works on any device, from smartphone, tablet and PC. Click <https://platform.samlearning.com> to get logged in.

Login:

UserID: your child's school email address.

Password: your child's school email address.

Centred: not needed if you are using your child's school email address.

Simply login and click on a Weekly Challenge

Work is set by A.I. for your child each week in English Language, Maths, Biology, Chemistry and Physics.... building their foundations if they are in KS3 or focusing on areas where students drop essential marks in exams at GCSE! What's more the A.I. will guide your child to fill their individual learning gaps automatically and then guide them to extend their knowledge when they have secured their learning. 30 minutes a week has been shown to increase students' grades by at least 2 GCSE grades – login today!

Yours sincerely

PE Update

Max Ogley in Year 9 has been selected to join the U14's West Cheshire Developing Player Programme for Sale Sharks RUFC. This is the result of weeks of assessments and lots of hard work. He will train with the squad throughout the rest of the season with an opportunity to play in a festival later in the year.

This is the first step on the ladder to becoming a professional rugby player and is a massive achievement and honour to be selected.
