

## RAAC Statement: **Adapted D&T Curriculum due to RAAC**

### Autumn Term 2023

Due to the recent discovery of RAAC in the D&T workshops, the department has had to adapt the teaching of certain schemes of learning due to the fact that the workspaces, and machines are not available; these workshops contain specialist machinery and equipment that are fundamental to the usual schemes of learning. The department have taken measures to adapt their curriculum in order to ensure that all pupils have access to a D&T curriculum.

<b>Year 7</b>	<b>Year 8</b>	<b>Year 9</b>
Scheme of learning to remain the same, but adapting materials to cardboard to construct the product, rather than vinyl/wood.	Scheme of learning to remain the same, but adapting materials to cardboard to construct the product, rather than vinyl/wood.  For the simple circuit projects – computers to be used to complete this.	Scheme of learning to remain the same but adapting materials to textile/collage outcome to construct the product, rather than vinyl/wood.  Laptops to be used in order to facilitate design process.
