Catholic Social Teaching

Family and Community

Our Home School Agreement support the development of the Catholic Social Teaching principle of Family and Community. Working together we build a stronger community.

Purpose and who was consulted?

This agreement encapsulates our belief that Parents, and carers are a child's first and most important educators. It is designed to help pupils reach the highest possible standards of achievement through close communication and effective partnership with Parents and Carers.

In drawing up this agreement parents and carers were surveyed to clarify their expectations of the school. Staff reviewed practices in communicating with parents/carers and pupils. Pupils were invited to comment on the extent to which pupil voice provides an effective vehicle for consulting them and involving them in decision-making.

Parents and Carers must acknowledge and support EPCHS's rules of all pupil's being Ready, Respectful, Safe and Kind.

Parents and Carers can be kept up to date with home school information via the Arbor portal or the Arbor App.
